

VAN POPPELEN BROTHERS, INC.

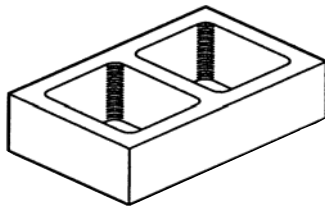

4x4x16

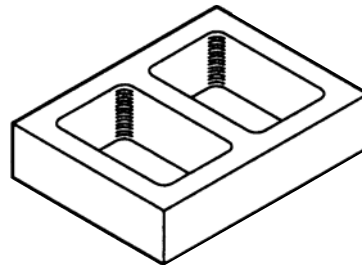

6x4x16

8x4x16

10x4x16

12x4x16

Available in smooth face, split face, burnished and satinstone. These units mimic the look of brick yet widen the spectrum on design with their sizing availability and Van Poppelen Brothers extensive color library of over 300 colors. Thrift Brick is available in bed depths from 3 5/8" to 15 5/8" opening up your structural and insulating capabilities. Our units can also gain you savings on labor by implementing a through wall/single wythe wall application versus a standard brick/double wythe wall.
